

SIZE MATTERS

**IF YOU THINK THAT YOU CAN'T BIND
50mm BOOKS AUTOMATICALLY...**

...THINK AGAIN

The STERLING® COILMASTER® III Automatic Plastic Coil Binding System now binds books up to **50mm** in diameter at speeds up to **700 books per hour**. The cost savings of forming your own coil on larger sizes is well over 60%. The savings on labor is even more.

“We are binding over 200, 50 mm diameter books per hour on our Coilmaster Binding System.”

Tim Schmiesing
Globus Printing & Packaging Co, Inc.
Minster, Ohio

“We bound hundreds of thousands of 38 mm books over the course of two summers. We averaged over 400 books per hour.”

Tom Re
Mid Island Bindery, Inc.
Farmingdale, New York
